

Revealing the Right Information at the Right Time to the Right People

The **OneTouch Reveal**® mobile and web apps use
a cloud-based solution to enable telehealth and virtual care.*

Billing Codes for Telehealth and Virtual Care are now Available

Click here or visit the
Royal College of Physicians and Surgeons of Canada
website for your provincial codes and guidelines.

**Designed to help you see what's working
and what's not for your patients**

- Get a secure, real-time connection to your patients' data
- Identify patterns, trends and trouble spots
- Make more informed treatment decisions than using a paper logbook
- Reinforce treatment recommendations with your patients over the phone

Help your patients stay on track between visits

Visit **OneTouch.ca/Professional** to get started with OneTouch Reveal®

* Before testing your blood sugar the first time, you must sync the meter and app.
